

## DYING for DRUGS?

## Avoiding the Slippery Slope of Substance Abuse

**National drug overdose deaths** (primarily from opioids such as heroin, cocaine, and fentanyl) have skyrocketed in the past 10 years. Indeed, opioids are the **#1 cause of deaths** for people aged 50 or under.

**At Impact, we've assembled a great collection of resources** - from kits and DVD programs to books, games, and posters - for both understanding and action. Visit this section of our website to browse dozens of resources, including previews of many DVD programs:
